Slitting-cut to length line 1,500 x 2.0 mm

Pos. 6,186

Manufacturer	IMAL
Year of construction	will overhauled 2023
Condition	very good

Technical Data

Strip width	1,500 mm
Strip thicknes (420 N/mm ²)	0.5 – 2.0 mm
Coil weight	7,000 kg
Longitudinal sections / 2.0 mm	4
Longitudinal sections / 1.5 mm	8
Longitudinal sections / 0.6 mm	10
Speed	20 m/min
Length tolerance	± 0.5 mm
Power	19.5 kW

This line consists of ..

- coil car
- decoiler
- foil coating
- leveler
- loop device
- feed
- longitudinal scissors (*8 pairs of knives*)

The pictures show the actual condition of the system before the overhaul.

The complete electrical system, motors, hydraulics and pneumatics are overhauled or renewed.

The original operating instructions are available and will be „updated“ according to all work carried out, if necessary this will also be translated. The system is tested in the factory, also in the presence of the end customer with his material. The safety devices are updated according to the valid safety regulations. The overhauled line has a 12-month warranty.

The line has worked until October 2020. We need approx. 2 months for the overhaul. The line can be inspected in its current condition at the factory and customer wishes can be taken into account.
